No Marked Change in United States Policy Toward Rebel-Ridden Mexico Says Report.

United States Cruisers Sailing Or Preparing to Sail For Mexican Ports.

(By Associated Press)

Washington, April 24.—While American cruisers were sailing toward rebel menaced ports in Mexico today, there was lacking any indication of an altered attitude of the United States Government.

Officials of the State and War Departments continued to watch developments in the new Mexican situation with apparent equanimity and unofficially it was declared any move by the United States was improbable unless made necessary by the menacing of American lives or interests.

CRUISERS ARE
MAKING READY

(By Associated Press)

San Diego, Cal., April 24.—Officers and men of the scout cruiser Salem and destroyer McCawley, ordered to west coast Mexican ports to protect American interests were busy today making preparations for a stay of unknown length away from this base. The Salem will go to Mazatlan and the McCawley to Topolobampo.

Given A Rousing Welcome At Westerville On Return From England.

Is First American to Open Crusade Against Booze In Britain.

(By Associated Press)

Westerville, O., April 24.—William E. (Pussyfoot) Johnson, the American anti-saloon league worker who literally gave an eye in the campaign to make England dry, received a royal welcome when he arrived at his home here today.

Officials of the headquarters here of the Anti-Saloon League met Johnson at Newark, Ohio, as he was en route home from New York, where he landed from England Thursday, and accompanied him to Columbus.

CAILLAUX IS
GIVEN FREEDOM

(By Associated Press)

Paris, April 24.—Joseph Caillaux, the former premier, who Thursday was convicted by the high court of "commerce and correspondence with the enemy," has been set free. He arrived at his home here this afternoon, accompanied by his wife and several friends. He refused to make a statement, saying only that he would not be in Paris on May 1st.

Conference of More than Three Hours Solves Differences.

Decide On Methods to Compel Execution of Treaty Terms

(By Associated Press)

San Remo, Italy, April 24.—A complete agreement with respect to the attitude the Allies shall adopt toward Germany in connection with the carrying out of the peace treaty has been reached by Premier Lloyd George and Premier Millerand, it was stated here today.

The agreement was reached during a conference of over three hours between the two French premiers. The French premier left the conference much delighted and Premier Lloyd George said:

"Everything is most satisfactory and full agreement was reached in substance."

Wilson Favorite Among The Democrats

(By Associated Press)

Butte, Montana, April 24.—Senator Johnson, of California, had a wide margin over his opponents for the republican presidential nomination in Montana's primary held yesterday, according to widely scattered unofficial returns available today.

Nearly 200 precincts of the total of 1500 gave Johnson 6,238; Wood 1,604; Hoover 1,259; Lowden 1,129; and Senator Harding less than 500.

The vote throughout the state was light and returns came in very slowly but virtually every precinct reported added to Johnson's lead. The democrats had no candidates but many voters wrote in the names of their favorites, Wilson leading.

Brotherhood Leader Says Firemen Are "Fed Up" On Promises of Wage Adjustment.

Shea Wants \$6.50 Per Day Minimum For Firemen And Hostlers.

(By Associated Press)

Washington, April 24.—Warning against further delay in settling the wage demands of the two million railroad workers of the country, Timothy Shea, vice president of the Brotherhood of Locomotive Firemen, told the Railroad Labor Board today that the men "were fed up on promises and were dead dog tired of delays."

Mr. Shea presented the demands of the firemen and hostlers for a basic living wage of \$6.50 a day, with differentials for skill, responsibility, experience and the increase in the cost of living since the demands were first presented last June.

PLACE BLAME
ON PRES. LEE.

(By Associated Press)

Columbus, O., April 24.—The Columbus yardmen's association today issued a statement branding as "maliciously false" the assertion that the Columbus yardmen left the service of the railroads "due to a desire to formulate one big union, or in other words join the I. W. W."

The statement places entire blame on President Lee of the Brotherhood of Trainmen and says "our high salaried president slept at the switch while we and our families were crying for bread."

Senator Capper Declares The Manufacturers Hold Up People By Making Enormous Profits.

Says Officers Intrusted With Enforcement Should Get Out

(By Associated Press)

Washington, April 24.—"The United States has become a robbers' roost," Senator Capper, republican, of Kansas, declared in a prepared address today in the Senate in which he scored profiteering and declared if the law enforcement officers of the government could not enforce the laws they should resign and let men who can take their places.

Declaring that the proof of profiteering was in the margin of profits, the Senator said that in one year alone during the war the gross income of American corporations rose from thirty-five and one-third billions to eighty-four and one-half billions.

He read to the Senate a long list of corporations whose profits were placed at anywhere from 20 to 200 percent.

Max Thelen Slated to Succeed Director-General of Railroads Walker D. Hines.

Hines to Resume Law Practice In New York in Near Future.

(By Associated Press)

Washington, April 24.—Walker D. Hines, Director General of Railroads, has resigned and his resignation has been accepted by President Wilson, effective May 15th.

Much work in liquidating the affairs of the railroad administration will remain after May 15th and a successor to Mr. Hines will be named.

Max Thelen in charge of the claims department probably will be appointed as he is understood to be Mr. Hines' choice and it was said today that Hines would name his own successor.

Hines, it is understood, desires to return to the practice of law in New York. He served with the railroad administration since its creation in December, 1917, and became director general in January, 1919, following McAdoo's resignation.

Recognition Makes No Attempt To Establish Boundaries Of Armenia.

(By Associated Press)

Washington, April 24.—Armenia was formally recognized today as an independent republic by the United States.

Similar action has been decided upon by the allied conference at San Remo. The American recognition was in the form of a note addressed by Secretary Colby to the Washington representative of the Armenian Republic.

Notice of the recognition also was communicated formally to the diplomatic corps abroad and to the allied conference in Italy.

This recognition makes no attempt to establish boundaries for the new republic and this is left to be determined later.

CRAZED MAN
SPENDS NIGHT
ON LIVE WIRES

Police After Fourteen Hours Induce Lineman to Leave His Perch.

Electricity Turned Off To Save Him.

(By Associated Press)

Mobile, Ala., April 24.—After spending the night on electric, telephone and telegraph wires at the intersection of two of the principal streets in the downtown section, Charles Sanders, a lineman, descended safely today into the arms of waiting policemen, who had pleaded with him for fourteen hours to forsake his perilous perch.

The officers said Sanders was crazed with narcotics. He told the police he believed the crowds which had gathered to watch him were bent on lynching him, and he consented to return to the ground only after he had been promised protection by policemen, who had ascended to the tops of nearby buildings so they could talk to him.

Electric current was cut off in the city so the lineman would not be electrocuted, and while in the air the man performed many thrilling "stunts."

MUST PROCEED
OR BACK OUT

(By Associated Press)

Cleveland, O., April 24.—Government officials here today faced the dilemma of either backing down from the ultimatum issued yesterday or arresting approximately 1500 strikers and thus continue the strike in jail.

Threat of arrest made by the Department of Justice if the men did not return to work was met with defiance the men agreeing to go to jail rather than return to work before their demands are met.

FATHER AND SON BANQUET PROVES NOTABLE EVENT

Grown-ups and Youngsters
Enjoy evening of Royal
Entertainment at "Y."

Forceful Address Delivered
By State Y. M. C. A. Boys'
Secretary.

No greater gathering of the fathers and sons of Fayette county was ever held than the one which took place under the auspices of the Young Men's Christian Association Friday evening at the "Y" when nearly two hundred and fifty fathers and the same number of sons banqueted together and mingled in good fellowship. Long before six o'clock the first guests arrived. They were entertained by the Culpepper Trio. Some of these were regular specimens of the small boy who for one reason or another were not accompanied by their fathers. The remainder were grown men looking for a son. When every one had gathered in the Y. M. C. A. lobby General Secretary Fraser took charge of the mass and all men without sons were fitted up while the youngsters who

had come to the banquet with the expectation of getting on the inside were placed in the custody of a temporary father.

Rev. J. C. Laughlin, pastor of the M. E. Church of Bloomingburg offered thanks.

While Harvey's Orchestra swung merrily through the latest airs and was encored time after time, the pick of Washington's prettiest young womanhood, each one a member of the Y. W. C. A., with a few high school lads who had been inducted into the serving line, assisted, passed in an endless stream past the cooks and in a few minutes had served the more than five hundred persons seated at the six tables.

Singing of popular songs led by Secretary Fraser with Miss Donna Barnett at the piano increased the merriment and it came to a climax when upon the recommendation of Toastmaster, M. E. Hitchcock, Nolin Hathaway arose and in a fashion that drowned the last verse in applause sang with touching tenderness "There's a Long Long Trail."

Toastmaster Hitchcock then stated that he had a surprise for the banquet and brought forth Sol Garzia, queer character and expert banjo jugglers who was hailed with pleasure by the small boys.

Introduced by the toastmaster as a man who came in contact with more boys than any other man in the state W. G. Carlich, State Y. M. C. A. Boy's Secretary, gave the chief address of the occasion and in a straight forward manner gave his lecture, "Dad, Son, and Co." Secretary Carlich's talk was a series of maxims for both father and son and was perhaps the most decisive clear cut, and convincing appeal ever heard in this city for a closer relationship between the father and boy.

Secretary Carlich related a short history of the Father and Son movement and stated that he was proud to be a pioneer in that movement by which, in this state alone, last year more than one hundred thousand fathers and sons were brought together for an evening of good fellowship.

"In a partnership there must be a mutual interest. In this instance it is Dad, Son and Co. Dad the senior partner, son the junior member, and the Co., well we will speak of that most important part later," said Secretary Carlich.

Taking up the boy's side of the question the speaker said, "boys, your father is the best friend you are ever going to have. Remember you are a part of your dad and he understands. It was not so very long ago that he was a boy himself. Take him into your confidence."

In completing his advice to the boys he gave this one sentence for the youngsters to remember, "boys, don't misunderstand your dad."

Fathers were the next to come within his range and the Secretary solidly declared, "father, the blame is mostly on your part. The average father does not make an effort to understand his boy."

"A boy is a steam engine on legs, a mass of throbbing pulsating nerves. Keep him on the track."

"Don't find fault with the boy if he is restless, energetic and at times causes a lot of worry. In nine short years, from twelve to twenty-one, the boy changes from a young animal to a full grown man. He is passing through the greatest mental and physical turmoil," is the way the Secretary described a boy.

"That youngster in boyhood is a great imitator. Does the adolescent boy dress himself in his mother's outfit and then try to fix his hair in the latest style? No! he does not! he is a male animal. For that very reason we will never stop the boy from smoking cigarettes until the father himself refrains from the habit. The boy is an imitator. The father is the example."

"Some men place more serious stress on the development of a new breed of hogs than they do on the development of their boys."

In closing Secretary Carlich took up the third partner, "Men, I say it with reverence, the third partner and the firm is Jesus Christ, the most father and son is to exist. If we have important part of the union between, failed to develop our boys along Christian lines we have failed utterly."

Secretary Fraser was called on to

say a few words. Also A. C. Kiester, Physical Director of the Y. M. C. A., and Walter Robison recently installed Business Manager of the Association.

Upon the recommendation of Hon. C. A. Reid a vote of thanks was tendered the cooks and waitresses.

Many men who were without sons brought them from Children's Home and several youngsters were made happy.

"There were several youngsters who went to the 'Y' for a father although they had been tubbed and scrubbed for the occasion showed by their tattered clothing that a full meal was almost an unknown quantity, and special attention was given in order that no one be overlooked.

The poorest boy present was given to Secretary Carlich and had a seat of honor at the speaker's table.

Credit for the unlimited success of the affair goes to the Banquet Committee, headed by Earl McLean. The eaters, not to be overlooked were Mrs. Charles Sever, Mrs. Walter Evans, and Mrs. John Wilson under whose direction the entire feasting side of the banquet was carried out. Of great assistance was the willingness of the Y. W. C. A. members to lend a hand and the pretty girls added brilliancy to the scene in the gymnasium.

Plans are already under way by the Young Men's Christian Association to make the Father and Sons Banquet an annual affair and there is little doubt that when the Father and Son Banquet week is set aside by the Governor of the state next year that it will find the Y. M. C. A. in this city ready to do its part.

BAD CROSSINGS OF THE B. & O. TO BE REPAIRED

The division superintendent of the B. & O. railroad has written to local agent, R. R. Kibler, announcing that the bad street crossings of the road in this city have been ordered repaired, and it is expected within a short time a gang of men will be engaged in placing the crossings in passable condition after several years of delay.

The letter to Mr. Kibler says: "Your memorandum of April 14 regarding the condition of the street crossings at Washington C. H.

"I realize the condition of these crossings and have given instructions that the work of repairing be started."

It is understood that the repairs will be made with asphalt and will place the crossings in good condition once more—a thing which will please every one who has had occasion to use the crossings during the past few years.

DAIRY BUSINESS IS INCREASING

(By Associated Press)

Washington, April 24.—Americans are the greatest consumers of ice-cream in the world according to a report of the Department of Agriculture which shows that 511,369,816 quarts were manufactured commercially in 1919, not to mention the enormous quantity made in home freezers.

Other phases of the country's vast dairy industry are summarized in the following production figures for 1919: Butter 869,055,223 pounds; Cheese (all kinds) 409,529,240 pounds; milk (Evaporated, condensed, and powdered) 2,085,114,103 pounds.

Lesson in Optometry

LESSON FIVE

Why are slight degrees of astigmatism often more bothersome than larger ones?

Because slight degrees may be overlooked, while those that are more pronounced are quickly detected by the patient, and means promptly sought for their correction.

Then so-called minor defects of vision are liable to be the cause of more trouble than those of a greater degree?

Yes, an error which is large enough to be recognized by the patient is almost sure to be attended to, while those which cause trouble without the patient's knowledge are neglected.

In how many ways can astigmatism be corrected?

There is but ONE method—the constant wearing of glasses which neutralize the abnormality of vision.

Then glasses which correct astigmatism should be worn constantly?

Yes, whether the patient is young or old the error is corrected only when the glasses are worn.

A VITAL INDUSTRY. THE MANUFACTURE OF ACID PHOSPHATE, today holds out an opportunity to you to double your money in a very few years.

The greatest need of America is more food. The high price of every sort of food stuffs has made the imperative need for bigger crops greater than ever before. Greater crops can never come from poor soil. ACID PHOSPHATE, GOVERNMENT BULLETINS STATE, IS AMERICA'S GREATEST FERTILIZER ASSET.

The Atlantic Gulf Chemical Corporation can make acid phosphate cheaper than any other concern in the industry. At its disposal are mines and equipment with which ACID PHOSPHATE can be produced at a figure enabling it to undersell all competition, yet make tremendous profit.

THE DEMAND FOR ACID PHOSPHATE TODAY FAR EXCEEDS THE SUPPLY. So long as this condition exists, and it will for many years to come, that concern which makes ACID PHOSPHATE cheaper than any one else in the field is bound to reap a harvest of unusually liberal dividends.

With the world's ablest chemists and engineers in charge of its work, the Atlantic Gulf Corporation occupies the strongest position in its field today for the rapid acquirement of magnificent income.

Ordinary industries make ordinary profits. A few products make untold wealth for their early backers, those who are smart enough to recognize an opportunity.

Repeated bulletins from the foremost authorities of both STATE AND NATION RECOMMEND ACID PHOSPHATE HIGHLY. Will you take their word?

Don't pass this up.

Write today for proof of these facts.

Fill in the coupon below and find out how you can be one of those who will share our profits.

By paying a local physician for services rendered 41 years ago. When he first saw the light of day a man from southeastern Ohio, this week wiped out an obligation which has been standing during the entire 41 years, and went his way with a lighter heart.

Walking into the physician's office the man introduced himself and explained:

"You were in attendance when I first saw the light of day near Athens, Ohio, 41 years ago. My parents were very poor and never paid you your fee. Mother has always told me that when I came to Washington C. H. to locate you and pay you."

The man insisted on paying and did so.

Urging Production

Because of the continued shortage in the world's supply of wheat, because the winter wheat crop is only estimated at a little over one-half of the required amount and the probability that even that advance estimate may be further reduced by later reports on conditions, alarm being felt because of the severe winter and the signs that the fly may cause destruction, the Department of Agriculture is urging that a larger acreage than normal of spring wheat be sown.

The warning request is timely, the need is urgent and no doubt, the farmers in the great spring wheat sections would be glad to comply with the official request.

The farmers in the spring wheat sections, however, are experiencing the same difficulties that farmers all over the nation are experiencing—inability to get work done. Time and time again the nation has been warned of the farmers' difficulties but conditions have grown worse instead of better. The exodus from farms to congested centers is showing no indications of abating. Farm workers, attracted by the abnormally high wage offer the manufacturers, have left the farms by the thousands and farmers themselves, unable to get work done, have been compelled to cut short the crop acreage, many of them leaving the farms for the city.

How people in the populous centers expect to eat, if they persist in hiring men away from the farm, has been one of the big problems about which thinking people have pondered without being able to find a satisfying answer.

How the speculators and labor leaders expect to eat with never a consideration for the men upon whom they depend, going heedlessly along—there is another unsolved mystery.

The menace of a wheat shortage and a general food shortage here in America, the greatest farming nation in all the wide world, is not new to the people in the agricultural districts. It has been growing more ominous every day.

The farmer can't plant and tend and harvest without help and he can't pay the wage demanded and received by union labor and run his affairs on city manufactory schedule.

The farmer must be remembered in this scramble for dollars or a food shortage will result.

A recounting of existing conditions is, in no sense, a calamity cry. No thinking man can be mistaken about the actual facts and it needs no prophet to foretell the result of the present trend.

Cincinnati

Cincinnati, the Queen City of the West has, during the past decade, been accorded a great deal of adverse criticism. We regret, too, that most of the fair-minded fault finding was deserved.

Cincinnati succeeded in establishing a miserable reputation as a boss-ridden city, given over to the advocacy of the liquor traffic and the open saloon. On two occasions Cincinnati's vote kept Ohio in the wet column and under such circumstances as gave cause to many to charge dishonesty of the election officials.

All that, however, is in the past. Cincinnati has made a splendid record in war work, has financed her affairs better than any one of the big cities of the state under the present objectionable taxing laws and has arranged to increase the pay of her teachers, and now comes the city planning expert who expresses admiration for the beauties of the Queen City. And it is beautiful, too.

No city in the land has more beautiful natural advantages than Cincinnati, and no city of its size and opportunities has made more of its possibilities.

If Cincinnati would obtain freedom from ring politics and the wet element it would advance in population, in public esteem and in trade importance as it deserves to do.

Overalls Price Firm

According to reports from one of the overall making centers, the manufacturer's price has not been increased since the late "unprecedented" demand for overalls came into existence.

That's encouraging news. It shows that the overall makers are not seeking to take advantage of conditions and make an unconscionable profit from those who are protesting against manufacturers in other lines whom they believe to be profiteering.

That item of news, however, calls attention to the fact that the mere wearing of overalls as a protest is not going to avail while excesses of expenditures in other lines are kept up.

A protest, whether it be the wearing of overalls or something else, is not going to succeed unless it is sincere and fair and reinforced by conduct, all along the line, in harmony.

People who wear overalls as a protest against high clothing prices must keep square on all other expenditures to gain the favorable attention of the public.

POETRY FOR TODAY

LOVE'S WOUNDS ENDURE.
The friends we love we often treat
With least consideration;
Of them we feel so very sure;
It matters not what they endure—
Their love's of life duration!
And so for those we seldom meet
We save our words appealing;
Nor ever seem to dream or guess
The inward anguish and distress
Our loved ones may be feeling.

We keep the best things of each day
For those who are not caring;
We wound true hearts
With poisoned darts
Of selfishness, unsparring
But sometime comes the parting day
When loved ones, sadly turning,
Go 'out our door
To come no more—
There hearts with anger burning.

For this is true where'er we go—
The fact brooks no ignoring—
There's naught above
The wounds that love
Can give to hearts adoring!
So we at last come to know
The worth of Love's endeavor
Itself to give
That we might live—
Too late—when lost forever!

The Determining Influence Among Motor Cars

ONLY things of acknowledged worth can acquire and retain the prestige of leadership. The world is not disposed to patronize failures; but it is quick to emulate success. Consider the recent marked changes in the design and construction of motor cars. Then recall which car it was that first introduced these striking advancements.

Cole Creations Strike New Note

The low bevel-edged body panel; the high cowl; the square corners at the rear; the valanced top; the keen aeroline from stem to stern have become the outstanding characteristics of motor car designing.

All of these trace their origin to the Cole Aero-EIGHT.

Aerotype construction with its attendant 15,000 miles on tires; its wealth of reserve power; its tenacious road adherence; its increased gasoline economy; its swift acceleration and wide range of performance have elevated automobile standards.

And aerotype construction was first applied to the automobile by Cole engineers.

Acknowledged as the sponsor of the present vogue in motor car design as well as a leader in mechanical achievement, the Cole Aero-EIGHT is seasons ahead.

Its prestige is being retortified again and again by the determining influence it continues to exercise over the works of its contemporaries, who have accepted Cole standards as the ones to which they, themselves, would build.

And with the ownership of the Cole Aero-EIGHT goes that feeling of pride in the possession of a thing whose worth is acknowledged by the eagerness of others to follow its example.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Mrs. H. G. Coffman is coaching the High School girls in a clever stunt, which will be presented at the Organization meeting of the Y. W. C. A. in the High School Auditorium, Tuesday evening, April twenty-seventh.

Besides this there will be special music.

Mrs. Earl Barnett gave a very pretty little dinner Friday noon for her son Edgar Earl, in honor of his seventh birthday.

Four little boys of the neighborhood Willard McLean, Paul Feagans, Paul Jones and Henry Pearce were seated with Edgar Earl and his young brother, Robert.

The table was lovely, with water garden of hyacinths and jonquils, and a birthday cake with yellow candles. Snappers and balloons as favors delighted the boys.

The Woman's Relief Corps Masquerade for women and children drew a motley crowd of maskers to Memorial Hall Friday night and provided fun galore to a crowd of seventy-five.

It was a big success in every way and the cleverness with which the costumes were devised gave rich returns in the entertainment they gave. Unique and comical as they all were, Miss Edna Simmons as Mr. Jiggs, won the head prize and Mrs. R. A. Bryon as a typical garage man, the consolation. There were the old-fashioned girl, the "Overall boys," Topsy, Jiggs and Maggie and their daughter, the Hobo and others just as good.

Light refreshments were served. Much of the credit for the affair was due the successful management of the Executive committee.

Mrs. Frank McAdams of Forest street gave an elaborate noon dinner, Friday in honor of her father, Mr. A. R. Todhunter, and his seventy-second birthday.

It was a delightful family gathering of the honor guest's brother and sisters, Mr. E. E. Cockerill and wife; Mrs. J. E. Todhunter, daughter, Mrs. S. E. DeWees; Mrs. Margaret Fortier, daughter, Mrs. William DeWees, of this city, and Mrs. L. E. Priddy, of Greenfield.

Daffodils were used in decorating the dinner table.

The Woman was hurrying homeward in the dusk, her head bent to a driving wind, when the sound of subdued sobbing brought her to a sudden pause. Just ahead of her was a little lady dressed in black, her soft gray hair showing beneath a small hat.

The Woman hesitated for a moment, reluctant to intrude upon the grief of a fellow creature; then hastened her footsteps and stopped beside the little gray lady.

"You are in trouble," said she gently. "Is there anything I can do?"

The Little Gray Lady raised her head and displayed two big gray eyes, filled with tears. "No—oh, no," she answered with a quick shake of her head. "It's nothing—I'm all right." Then two big tears overflowed and rolled down her cheeks as she continued: "Its just—you see—her voice broke, "well, I've been to the movies and I saw—oh, such a sad picture!"—New York Sun.

The home of Mr. and Mrs. Wallace Wolfe, of the Columbus pike, was the scene of a delightful surprise in honor

of the thirty-third birthday of Mr. Wolfe. Relatives and friends to the number of forty came with well filled baskets and gave Mr. Wolfe a complete surprise.

After the excellent dinner the afternoon was spent in social enjoyment, not the least of which was the renewing of old acquaintances. Those participating were: Mr. and Mrs. George Wolfe, son Earl, Mr. and Mrs. Morris Swabey, children, Florence and Jean, of Yellow Springs; Mr. and Mrs. Elmer Hutchison, daughter Pearl, Mr. and Mrs. Leonard Allen son Miran, Mr. and Mrs. Thomas Matthews, son Howard, Mr. and Mrs. Raymond Matthews and children Marion, Anna Louise, of Jeffersonville; Mr. and Mrs. Ernest Minchal, children Willard, Robert and Pauline, Mr. and Mrs. J. A. Wolfe, children Dorothy, Frank, Harry, Mr. and Mrs. George Davidson and daughter, Glenna Louise; Mrs. L. Thompson and daughter Miss Maude, Mrs. George Wolff, of Washington C. H.; Mrs. J. L. Judy, of Warren, Ohio; Mr. Clyde Thompson, of Springfield; Mrs. Freeman, of Bloomingburg; and Mr. Jess Matthews, of Jeffersonville.

The marriage of Miss Louise Todhunter, daughter, of Mrs. Eliza A. Todhunter, and Mr. James L. Cheek son of Mr. and Mrs. James Cheek was solemnized, Friday morning at nine-thirty o'clock at the Presbyterian manse by Rev. Boynton Gage. The ring ceremony was used.

Miss Leona Cheek, sister of the groom and Mr. Ed Evans were the attendants.

The bride, pretty and fair, wore a suit of navy tulle, black hat, shoes and gloves en suite, with corsage of rose buds and sweet peas.

Miss Cheek was wearing a suit of tan velvet, black hat, shoes and gloves en suite with corsage of sweet peas.

After a short wedding trip the young couple will reside here. Many friends extend best wishes upon their return.

The young women of the World Wide Guild of the First Baptist Church proved themselves to be royal entertainers, Friday evening, when they were hostesses to the members of the church, and their families. Two hundred and fifty responded to the clever invitations, which were written in verse.

The girls in white dresses, with blue head bands a single silver star in the center presented a very effective picture as they received their guests.

In the church auditorium, where an enjoyable program was presented, flags ferns and Spring flowers were artistically arranged.

Miss Lina Willis presided over the program with a short talk on the work of the society. Four beautiful tableaux representing "Childhood in Mission Fields as Contrasted With America," second Girlhood; third Motherhood and last The Appeal of all these people to the Evangelist, Missionary Teacher, Doctor and Nurse were posed by the girls of the Guild, assisted by children from the Sunday School.

Miss Gladys Brown introduced each tableau with a descriptive reading. Miss Mabel Briggs playing softly through out, Mrs. C. R. Ferguson sang sweetly "Ave Maria" during the third tableau.

After the exercises, the people were invited to the Sunday School room, which had been transformed into a pretty Tea Room. Silver stars were suspended from the ceiling to the center table, which was fragrant with jonquils and other spring blossoms.

Delicious refreshments were served, tea cookies cut in star shape further carrying out the decorative idea.

Mr. and Mrs. Wm. Lansinger, who are moving from Osborn to this city to make their future home, with their grandchildren, Max and Janet Hains, are visiting their son, Mr. Willis Lansinger and family until located in the house on Vandeman avenue, Millwood, which they have secured, Mrs. W. E. Reynolds, of Dayton, is also Mr. and Mrs. Lansinger's guest for the week end.

Mrs. George Blüegar, of Vandeman avenue, has been called to New Martinsburg, by the illness of Mrs. Kate Todhunter.

Mrs. C. H. Griggs chaperoned Misses Medrith Bostwick and Elizabeth Jones, of Mr. Sterling; Messrs. John Crayton Griggs and Richard Preston to the Athletic Club dance in Circleville Friday night.

It is welcome news to anxious friends to learn that Mrs. H. L. Stitt is improving at the Cherry Hill Hospital, where she will remain for a few weeks rest and quiet, which is expected to lead to her complete recovery.

NOT IN THE CIRCUS; SHE'S COLLEGE GIRL

No, this young lady is not in a circus, though she rides very gracefully in Roman fashion. She is Miss Elizabeth Wilcox, captain of the Wellesley college riding team.

Mr. Charles McLean returned Saturday evening from a month's trip, visiting Norfolk, Va., Washington, D. C., and New York.

Mr. and Mrs. Harley Bostwick, of Mt. Sterling, were Saturday guests of Mr. and Mrs. Joseph N. Wilson.

Miss Merle Jones returned to Akron Saturday after a visit with friends here.

Miss Gladys Fenner came down from the O. W. U. to spend Sunday with her parents, Mr. and Mrs. W. W. Fenner.

Mrs. George Davidson, children Horace and Eleanor, came down from Columbus Friday and remained over until Saturday evening with Mrs. J. H. Chapman and family.

Mrs. Samuel Katz returned Friday evening from an indefinite stay in Cincinnati. She was accompanied by her sisters, Mrs. A. S. Niles, of New York City, and Mrs. J. Hahn, of Cincinnati, who will spend some time with her.

Mr. Albert Delber, of Beaver, who recently purchased the G. W. Baker home farm on the Chillicothe pike, has moved with his family to this county, and are now located at the farm.

Miss Lina Willis arrived home Thursday from a stay of several weeks in the south where she was the guest of her sister, Mrs. R. O. Young and family at Asheville, N. C., stopped off at Chattanooga, Tenn., for a short visit, and attended a conference at Knoxville, Tenn. Miss Willis also attended the national convention of Social Settlement Workers in New Orleans, La.

Mrs. Esther Hudson, of Chattanooga, Tenn., is visiting her daughter-in-law, Mrs. Hugh Hudson for the month of May.

Mr. F. B. Creamer was a business visitor in Columbus Saturday.

Mrs. C. C. Padbrick came down from Columbus Saturday afternoon for a short stay with her sister, Mrs. Daniel H. VanWinkle.

Hon. and Mrs. Frank C. Parrett motored to Cincinnati Friday to be the week end guests of Mr. and Mrs. A. S. Glascock. Mr. Glascock returning with them after a couple of days spent here on business.

Miss Erma Haines and her uncle, Mr. Herbert Fairly, of New Petersburg visited with Miss Ruth Haines at the home of Mr. and Mrs. Elph Worthington Saturday, enroute to Dayton to visit Mr. J. E. Haines, who is improving after a long illness.

Mr. M. W. Claggen went to Springfield Saturday to spend the week end called by the illness of his mother, Mrs. James H. Long.

Mrs. Catherine Bush and son, Mr. Ulysses S. Bush, leave the first of May for Chicago, to make that city their future home.

Miss Chloe Anderson arrived Saturday morning from Chicago, where she is attending the Moody Institute, to spend ten days with her parents, Mr. and Mrs. J. W. Anderson.

Mrs. E. W. Douds (Ione Wilson) arrived from Elwood City, Pa., to visit her mother, Mrs. Elizabeth Wilson, on North Fayette street.

Mr. C. McLean of Athens came Friday evening, to visit his sister, Mrs. Ione Bryant on South Main street, and other relatives.

TRUCKS DRAW LARGE CROWD IN THIS CITY

Fifty-two men in charge of twelve trucks formed the Motor Truck Farm Demonstration caravan which reached this city at ten o'clock Saturday morning from London, in charge of A. R. Kroh, truck train commander, of Columbus.

Mr. Kroh, one of the best informed men of the nation today on farming matters, and a farmer of long experience in New Mexico, where he owns thousands of acres of land, made an address to the welcoming committee, headed by Mayor V. J. Dahl and many citizens of Fayette county who are interested in modern farming methods.

Following the address of the speakers a practical truck demonstration was made on the S. W. Cissna farm on the Jamestown pike at the edge of this city and the practical use of the pneumatic tire on the farm was demonstrated by hauling cement blocks to the center of the field and then removing them in the usual manner. Mud and water were encountered but the trucks did their work and won commendation from the farmers who wished to be shown the performance of the pneumatic tire under all hauling conditions.

Other men in the group were C. A. Weinman, of Columbus, secretary of Mr. Kroh and in charge of publicity for the caravan; salesman and soloist in the salesforce, E. E. Hank, of Columbus; Sgt. James E. Power, in charge of a recruiting party for the United States Army, and also Sergeants William J. Mahoney and William Stephenson. Stephenson claims the middleweight boxing championship of the middle west. Twelve-piece jazz band accompanies the tourists.

Local citizens in charge of the committee on demonstration were: Mayor V. J. Dahl, chairman; Nolan Hathaway, Howard Allen, M. S. Daugherty, Charles McKay, L. H. Goddard, J. M. Cox, M. E. Hitchcock, J. H. Lacy, Willard Wilson and R. C. Shisler.

Fuller Hess, former local man, was in charge of one of the demonstrating trucks from Columbus.

SIMPLE SERVICES FOR INFANT SON

Rev. Father Fogarty conducted the burial services for Thomas Parrett Frayne, infant son of Mr. and Mrs. William Frayne, Jr., at the St. Columban's cemetery Friday afternoon.

Misses Alice Parrett, Alice Frayne, Elizabeth and Rose McDonald served as pallbearers and there were a large number of beautiful floral sprays for the little one, including a casket blanket from the family.

Linduro Enamel Makes Bathrooms Glow and Glisten

Here's an enamel that is white—and stays white. Flows on the surface easily and levels up to a smooth finish that resembles liquid porcelain.

Linduro Enamel doesn't pull on the brush, yet it clings to the sharp edges and

corners that may have bothered you in former enameling work.

It's great fun to enamel if you use Linduro. It wears and wears. May be wiped off as clean as a china plate, and just as easily.

A FIGHTING CHANCE

When a person is seriously ill, suffering from one of the many so-called Diseases, and apparently has about a Fifty-Fifty break to recover, he is said to have a FIGHTING CHANCE.

THE NEW DRUGLESS HEALTH SCIENCE OF CHIROPRACTIC offers more than a FIGHTING CHANCE to every sick man, woman and child. It does not claim to be able to perform miracles, but it does positively locate the CAUSE of so-called Disease and by the means of CHIROPRACTIC VERTEBRAL ADJUSTMENTS given with the bare hands only, relieves the Nerve Pressure, making it possible for Nature to have full sway.

HEALTH IS NATURAL — DISEASE IS UNNATURAL.

Of course it is best to take CHIROPRACTIC ADJUSTMENTS at the very first sign of danger; but for several reasons you may not have been in a position to do this. You have been imbued with the idea, handed down from generation to generation, that when you were sick, nothing but medicine or an operation could afford you relief. BREAK AWAY FROM THAT FALLACY AT ONCE.

Realize that no matter what your trouble may be, no matter how dependent you may be, CHIROPRACTIC OFFERS YOU MORE THAN A FIGHTING CHANCE.

Take advantage of that offer now. Let your CHIROPRACTORS make a Spinal Analysis and explain to you HOW and WHY their Science will help you. Emerge from the fight A WINNER and be rewarded by the possession of HEALTH and HAPPINESS.

INVESTIGATE CHIROPRACTIC NOW.

Compare Milk

To get the correct impression of the value of Milk as a food, you must consider its equalizing effects when used with other foods—animal or vegetable. It balances the meal.

Think of the many different ways in which Milk may be used, how many foods may be prepared with Milk, and all made better by its use.

Truly, Milk is the one food without which the housewife would surely be "up a stump" with her cooking.

Insist on your Milk being fresh, pure, and pasturized, and contained in sterilized bottles.

GREAT CROWD ATTENDS CLOSING EXERCISES

Annually the close of the Marion Township Central School on the Waterloo pike, is a big event and largely attended by all the country round, and the occasion, Friday, was rounded out in the usual successful way.

Over three hundred people, including a number from this city, assembled at the large building and the day passed off most auspiciously, with full appreciation shown the splendid work of the Principal, Orville Turner, and teachers Misses Hazel Dixon and Marie Hughes.

The basement at noon presented a scene that gave no indication of the H. C. L., with long tables piled with everything tempting and well cooked in eatables.

After the dinner hour with its enjoyable sociability, a splendid program was presented. It included dialogues, recitations and a very taking drill, "The Highland Fling," given by the small children, with Miss Hazel Yeoman at the piano.

ASK MAYOR DAHL TO PITCH FIRST

"Play Ball" will first be sounded in this city at Sunnyside Park Sunday afternoon in the opening game of the season when the Washington Athletics play the Springfield White Sox.

An invitation has been extended to Mayor V. J. Dahl to pitch the first ball and he will probably be on hand to toss the first strike.

Word has been sent that Little Dick Collopy will have charge of the visitors.

DECLARES WIFE ATTACKED HIM WITH BREAD KNIFE

Declaring that his wife attacked him with a bread knife and later bruised and wrenched his arm during a fit of anger, and that she spent most of her time playing cards, James E. Price has filed suit for divorce from Mary E. Price to whom he was married at Allison, Massachusetts, on January 28, 1920.

The couple came to this city and on April 16 the defendant is alleged to have wounded her fists and bread knife and on the following day left for parts unknown.

The sheriff was unable to get summons on the defendant, and friends announced that she had returned to Massachusetts. Gregg, Patton & Gregg for plaintiff. Action filed in common pleas court.

COMMUNITY PICNIC CLOSES SCHOOL YEAR

The Wilson Centralized School on the Greenfield pike, closed a very successful school year with a community picnic Friday.

Parents and friends of the neighborhood gathered with baskets bound with good things and a wonderful picnic spread was the result. Principal O. O. Bush donated a big freeze of ice cream, which was greatly enjoyed.

After the feast adjournment was made to the assembly room and an entertaining program was introduced by a community sing. The "Wilson School Song" rang out happily and the children were especially cunning in motion songs. A number of recitations were well given.

Five boys, Wilby Wilson, McCoy Marion Cockerill, Lawrence Black Raymond and Clarence Lander, were graduated from the eighth grade and will enter the Washington C. H. high school next fall.

The excellent work of Principal O. O. Bush and teachers, Misses Opa Moore and Martha Minnick, has given much satisfaction to school patrons who hope for their re-installment in this school for next year.

Besides those assembled from the neighborhood there were present Judge Frank M. Allen, Mr. W. W. Wilson, member of the township board, Mrs. Frank E. Haines, Mr. R. H. Harrop of this city, and Mrs. Graham, of Johnson's Crossing.

CARD OF THANKS
The pupils of the Wilson Centralized School and their parents wish to publicly express their appreciation of the excellent school work of the past year as directed by Principal Bush and the teachers, Misses Moore and Minnick and their desire for their re-appointment; also to thank Mr. Bush for his liberal donation of ice cream.

W. C. T. U. INSTALL PLAYGROUND SLIDES

The large play grounds of the Children's Home staged a happy group of children Saturday, when for the first time, the new slides donated by the County W. C. T. U. were in use.

The gift is greatly appreciated by the Home management as well as by the children, the latter pleased beyond words of expression.

52¢

How would YOU like a raise like this?

—and for 34 Years Work

THAT is the kind of increase in salary the minister has received. His living expenses have risen just as fast and as far as yours.

But he is paid on the average just 52 cents more per church member than he was paid 34 years ago.

The Minister Never Fails You

Every officer of the Government with a war message to deliver appealed to the ministers first of all.

But 80% of the ministers receive less income than government economists figure as a minimum for the support of an average family.

When hospitals need money they enlist the support of the ministers—and receive it.

But when sickness visits the minister or the members of his family they must be treated in a charity ward. His pay is less than a day laborer's.

8 out of every 10 ministers receive less than \$20 a week—about half the pay of a mechanic.

We Pay Him Half the Wages of a Mechanic

And of these pitifully inadequate salaries, how much do you contribute? Nothing if you are outside the church; an average of less than 5¢ a day if you are a church member.

All of us share in the benefits of Christian ministers to the community. They marry us; bury us; baptize our children; visit us when we are sick. In their hands is the spiritual training of the youth.

We Are All Profiteers at Their Expense

Part of the Interchurch World program is this—a living wage for every minister of Jesus Christ; an efficient plant, and a chance to do a big man's job.

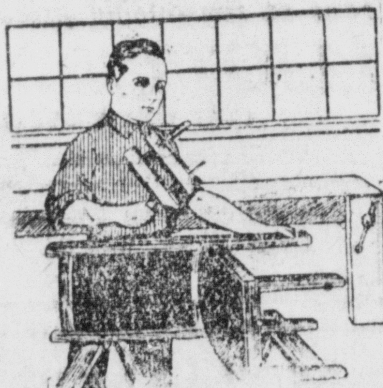

If you want better preachers, help to pay the preachers better. It's the best investment for your community—and for your children—that you can ever make.

FARMERS GRAIN ELEVATOR CO.

A farmer's Co-operative Elevator Company, with a capitalization of \$15,000, was formed at a meeting held at New Jasper Tuesday night.

Charles Latschaw, head of the co-operative elevators in Ohio, was expected to be present, but he was unable to come to Greene county, and E. A. Webb, co-operative expert, of Greenville, took his place, addressing the gathering, and aiding in the incorporation.

The company expects to buy the Jenks elevator at Jasper Station or build an elevator there. A meeting for election of directors will be held May 6.

With the organization of the New Jasper company, there will be co-operative elevator companies at Bowersville, Jamestown, Cedarville, Xenia and New Jasper, with companies in the process of formation at Spring Valley and Fairfield.—Xenia Gazette.

INTER-CHURCH DRIVE NEXT WEEK

Columbus, April 24.—Hundreds of Ohio churches Sunday will observe with solemnity the opening of the greatest co-operative effort in which they have ever engaged—the united financial campaign of the 30 denominations participating in the Interchurch World Movement.

The national campaign objective is the \$336,777,572 aggregate of the denominational budgets for educational, benevolent and missionary work. Ohio's share of this amount is approximately \$25,000,000. The drive will continue through the week and final reports will be made Sunday, May 5.

The first team reports will be made at the evening mass meeting. During the week, daily meetings, either for luncheon or for supper, will be held in the larger cities and meetings at less frequent intervals in the smaller places, for presentation of reports.

FORD OVERTURNS OCCUPANTS SAFE

Emmet Hardway, son of Major O. E. Hardway, and Clark Templin, a classmate in Washington High School, escaped injury Friday afternoon when the Ford roadster in which they were riding turned turtle about two miles south of this city on the Greenfield pike and crashed into the ditch upside down. One wheel of the roadster was broken off, another was shattered, and the top of the automobile was almost torn off.

The two boys were coming to this city for their afternoon session in the high school after having spent the noon hour at the Wilson school. A bent radius rod caused the spill.

ELKS' LOT LEASED FOR CREAM STATION

The Elks' lot on Market street, nearly opposite the court house, has been leased by the Sunlight Creameries and the frame structure formerly used for office purposes at plant on Columbus avenue has been moved to the lot and within a short time the station will be ready for use.

The McClellan building on North Fayette street, now occupied by the firm, will soon be dismantled and a gasoline filling station occupy the corner lots now occupied by two buildings.

TRUCK BODY SHOP GROWING CONCERN

A truck body shop started a few months ago by Jess Thompson on South Main street is rapidly branching out into a large concern and extension of the shop is being planned with enlargement of the shop, the addition of machines, and increase of the working force.

Orders to the shop are coming in from all surrounding cities and a number of bodies were recently completed for a Columbus firm.

TRANSFER IS MADE THROUGH AUTO CLUB

Arrangements have been made by the Fayette County Automobile Club to make transfers of numbers on the cars of Fayette county people. When a car is sold or the owner wishes to transfer his license, application must be made and the change will be made without cost to the car owner except the fee of one dollar which the state department demands.

Several have applied and the transfer has been made through the local club offices.

This Trade Mark Represents Threaded Rubber Insulation

This Still Better Willard is the only battery which has Threaded Rubber Insulation.

Every battery has to have some sort of insulating material between the plates inside the cells. This is in order to separate positive plates from negative to prevent the active material from coming into contact and causing short circuits, which would ruin the battery.

The superiority of Threaded Rubber is in its durability. It lasts as long as the plates. Ordinary insulation does not. It wears out and has to be renewed.

Re-insulation is never wholly satisfactory, even if the plates are found to be uninjured, but often we find that they have already been damaged.

Why wasn't an ideal material like rubber used before? It was—but was never found practical for

general adoption in starting and lighting batteries till Willard found how to make it porous by piercing it with tiny threads. Thus the acid solution can extend through the insulation, allowing free passage of current.

Any Willard Service Station will be glad to explain in detail.

No other battery has this "armor plated" protection against insulation troubles. Therefore be sure of the trade mark.

PLACE FOR TAGS NOT UNDER SEAT

"Don't carry your automobile license tags under the back seat. It will probably save the embarrassment of explaining to the Mayor" is the proclamation of the Chief of Police Moore in regard to the enforcement of the law that all motor vehicles must be equipped with 1920 tags before they can be used.

Thursday evening the police took a man before Mayor Dahl who was still using his old licenses but who explained to His Honor that he had the new tags under the back seat of his car. He proved it and was sent forth with a little friendly advice, and with admonition to replace the old numbers.

The law will be rigidly enforced and all violators must answer before the mayor.

56,000,000 HAVE NO CHURCH CONNECTION

Fifty-six million Americans, among whom are nearly one-half of the people of Ohio, have no connection whatever with organized religion.

More than 1,000,000 young people of Ohio are among the 56,000,000 in America who are not affiliated with any Sunday School or other religious educational institution.

These are among the facts brought out in the national religious survey of the Interchurch World Movement. Ohio facts were stressed in a statement today from the state survey office.

BLOOMINGBURG GRADUATES SIX

Superintendent Sherman A. Lining of the Bloomingburg Schools has announced the dates for the exercises which will form the graduation events for the six students of Bloomingburg High who will receive their diplomas in the 1920 class.

Rev. A. D. Kearns-Preston, of the First Presbyterian Church of Bloomingburg, will deliver the Baccalaureate sermon in the Presbyterian Church on Sunday evening, May 9th.

Commencement exercises will be given on the evening of May 14th and will follow the presentation on the same evening by the Seniors of a play entitled "Sally Lunn."

Price's Orchestra of Greenfield has been secured to furnish music for all occasions.

Six students make up the enrollment of the Senior class of 1920. They are, Edna Allenbaugh, Warren Rogers, Charles Ramsey, Mildred Crooks, Marjorie Crooks, and Faye Griffith.

LYNDON FARMERS TO HAVE ELEVATOR

The Lyndon Farmers' Grain company has been organized and incorporated and the construction of a co-operative elevator will begin in the very near future at Lyndon. The new organization is composed of farmers residing in that neighborhood, and they are being assisted in the organization by C. S. Latchaw, secretary of the Farmers' Grain Dealers association. There were 125 farmers present at a meeting held at Lyndon Wednesday evening and more than half the necessary stock of \$25,000 was subscribed. The committee on subscription will make final report on the evening of April 28.—Chillicothe Gazette.

Lessen the Labor and Improve Results

That's what a good Electric Iron will do in the weekly household ironing.

No trotting back and forth from the ironing table to the hot stove. An even heat all the time insures good results. And it's much cheaper, too, than using gas or coal for fuel to heat irons.

We have good Electric Irons at reasonable prices.
